Application Process

Step 1: Schedule Phone Application

Schedule a 25 minute phone application with an InsuranceMD agent. You'll need to have access to a computer to complete this process. You'll need the following information accessible for your call:

- Drivers License
- Social Security Number
- Bank Account information for future premium payments
- Medication List
- Your personal physicians name and contact information

Step 2: Upload Required Documents

Once your application is complete you will be given access to our secure client portal. Here you may be asked to upload any of the following information:

- W2 or paystub or employment contract
- Last years of your personal and/or business tax-return
- Last two full years of your personal and/or business tax-return
- HIPAA release forms from your personal physicians office
- Copy of a voided check

Step 2: Upload Required Documents

Depending on your age, medical specialty and benefit amount you may be required to complete an in-person medical exam or a phone interview with a 3rd party vendor hired by the insurance carrier. Your InsuranceMD agent will prepare you for what's required.
